PRIVATE TREATY BULL OFFERING

Greetings Cattlemen and Cattlewomen!

We would like to extend a big thank you to our past customers for your support of our program and welcome those of you that are new.

We have worked extremely hard to bring you some of the cleanest fronted, structurally correct, balanced purebred bulls in the Gelbvieh breed. Many breeders have toured our herd and always comment on the uniform set of cows, quality of udders and their docility.

Our calves are raised on their mother's milk and grass. We do not creep feed as we feel this gives us a true view of each genetic line. Once weaned, the calves are fed a TMR of silage, hay and corn for a moderate rate of gain. Selling private treaty gives us the luxury to feed our bulls for the pasture and not a specific sale date. They are plenty ready to hit the pasture with longevity and structural soundness without losing conditioning.

We invite you to take a look at our 2024 bull and female offering at the ranch or call us to discuss your needs. We are confident we can help you find a bull that works for your operation.

You will find a link to the bull videos and any updates on our website and Facebook page.

In addition to the bulls, we have a select group of bred and open replacement heifers for sale. Feel free to come to the ranch to view the bulls and females anytime. Thank you for your interest in our program.
